

## **Volvodealersolutions.com**

Volvo is proud to announce a new Volvo Dealer Equipment website available to all retailers: [volvodealersolutions.com](http://volvodealersolutions.com).

Explore this new website. There's a lot of information - for service tools and service equipment. Some of the new features you'll find for your **Service Equipment**:

- Online ordering of service equipment
- Online viewing of quarterly promotion books –printable pdf available
- Direct email contact with your local Volvo Dealer Equipment District Manager

Your Equipment Program also offers you expert Service Equipment and Systems Planning. Your Field Representative is available to help you put together a plan that will maximize the service potential at your store. Click on "Facility Planning" tab to learn more.

### **SERVICE TOOLS**

Click on the "**Service Tools**" tab and you will reach the SPX Service Solutions Gothenburg website which offers you yet more service and information about Special Tools for Volvo. This site offers you the "online" tool catalog which replaces the current catalog distributed previously via CD-ROM. All updates will now be implemented via this web based catalog.

You can also find brochures on Volvo tool organization storage systems, from tool boards to cabinet systems. All of the information you need for a successful service facility is now available at your fingertips, 24/7, at **volvodealersolutions.com**. Bookmark the site today.

Get the most out of your business. There's not just a Volvo logo on the outside, there's Volvo quality throughout.
