

VIDA LICENSE AGREEMENT

VIDA is an application provided by Volvo Car Corporation (Volvo Cars), registration number 556074-3089, located at SE-405 31 Gothenburg, Sweden.

VIDA and its supporting components constitute “the Service” of this License Agreement. The supporting components include but are not limited to:

- VIDA run-time application
- VIDA Admin, subscription and administration tool for VIDA
- DiCE
- other bundled software needed to run VIDA, such as IsoView
- Software Products, software for download into control modules of Volvo vehicles
- Wiring diagrams
- Service and Repair information

By installing or using the Service, you acknowledge that you have read and accepted the contents of this License Agreement (“the License”). Volvo Cars may from time to time modify said License. If and when these terms and conditions are altered, you will be notified that new and updated contents are available. All usage of the Service after the new terms and conditions have been made available will constitute renewed acceptance of the License.

Volvo Cars will analyze and review the ability to install and maintain the Service as well as to secure proper function, integrity and security on your computer/device. This may entail that certain computer/device system information is sent, recorded and stored at Volvo Cars. Any hardware or foreign software installed or used on your computer(s)/device(s), which may have the ability to misuse the Service, will constitute a serious violation of this License and Volvo Cars will immediately terminate said License without notice. For the European Union, this includes DiCE or any other equivalent replacement to DiCE. Security settings to maintain the integrity of the Service are not allowed to change and will be grounds to terminate the License without notice.

Volvo Cars sole interpretation of what foreign software or for the European Union replacement "DiCE" may or may not violate this License Agreement is final. No guarantees or endorsements are provided by Volvo Cars interpretation. Authorized software is the following: VIDA (with a proper and valid license); Microsoft Operating System, calendar, planning system; an email program for sending/receiving email communications, and web browser. Other hardware and software use can be approved in writing by Volvo Cars. An approval of such hardware and/or software is not an endorsement or guarantee.

Purpose and Scope of the Service

The Service provides support to Volvo Cars authorized dealerships/retailers/repairers and in certain limited jurisdictions, independent workshops, in planning, servicing and repairing Volvo cars. The Service shall be available any time with exceptions for service, maintenance and unforeseen interruptions.

At no time shall the Service be directly or indirectly transferred, assigned, sold, rented, given away, modified, etc. or utilized outside of the scope for developing a diagnostic tool by the licensee. No other commercial use is permitted and is cause for immediate termination of access without notice. Any such misuse may incur additional civil and/or criminal legal action.

In certain limited jurisdictions, the objective of the Service also includes providing VIDA access to "republishers" for the sole purpose of redistributing repair and service information, but not software products, to third parties. Such access is conditioned upon the fact that a specific written agreement is entered into at the time of access and remains valid. No other use outside this specific written agreement is permitted and is cause for immediate termination of access without notice. Any such misuse may incur additional civil and/or criminal legal action.

License

Volvo Cars hereby grants you a non-exclusive license to use the Service in accordance with this License. The License also includes updates of the Service. You do not have any right to sub-license, assign or transfer your rights under this License to any third party.

The Service is the property of Volvo Cars and protected by copyright and other intellectual property laws. It may not be directly or indirectly copied, reproduced, distributed, amended, modified or otherwise used, except as explicitly stated in this License. Any such unauthorized action may not only constitute an infringement of the relevant intellectual property rights but also constitute a criminal offense under relevant national or local legislation.

You are always responsible for protecting the assets bundled into the Service when utilizing the Service. Any such failure to do so through carelessness or willfulness may result in an immediate termination of the Service without notice. In some circumstances and jurisdictions, civil and/or criminal legal action may be taken.

The License is valid only as long as payment has been made of the license fees, for all licenses acquired, in accordance with Volvo Cars' applicable price list. Such price lists may be amended at any time by Volvo Cars. If you are a Volvo Cars authorized dealer/retailer, you agree to pay the license fee as per invoice. In any other case, you agree to pay the license fees in advance using your valid credit cards. In all cases, the License may be terminated according to the conditions stated in **Termination**.

Any software product for a vehicle that is downloaded by use of the Service may only be installed unaltered in the specific vehicle for which it is intended at your own workshop facilities. It is the user's responsibility to ensure that the latest version is installed into the vehicle. The user may not keep any copies of these software products after they have been installed in the vehicle nor allow any third party real or potential access to said software.

Except with prior written authorization from Volvo Cars, no information, or any derivation, revision or combination thereof, received through the Service may be duplicated, reproduced, distributed, or otherwise disseminated, in whole or in part, in any form, to any third party except that limited reproduction is permitted for distribution within your own internal organization. Under no circumstances may copies produced under this provision be offered for sale, resale, rent or loan. Any other form of extraction and reutilization in the meaning of Article 7 of Directive 96/9/EC of 11 March 1996 on the legal protection of databases is strictly forbidden.

Unauthorized copying or modification of the Service or failure to comply with this License will result in automatic and immediate termination of the License without notice. The Service is to be used solely for business purposes.

Use of the Service

You shall assume that everything that can be seen or read by using the Service as well as any information made available through VIDA is copyrighted or protected by other intellectual property laws, unless otherwise stated and may not be used except as provided in this License without the written permission of Volvo Cars. All use of the Service is subject to the following restrictions:

Volvo Cars may at any time discontinue the dissemination of the Service and Volvo Cars shall not be liable for any resulting liability, loss or damages for discontinuing the dissemination of the Service.

Any information available from the Service may be printed on one paper copy; however, you may not make further copies thereof. You shall use Service information and this copy only for its individual use or in its business, i.e. for repair and service of Volvo vehicles, for diagnostic tool manufacturers and/or for contractualized republishers within the European Union. You agree not to sell, transfer, assign, publish, distribute, disseminate, allow access to or convey the Service or any other information contained in or purchased by use of the Service, or any derivation, revision or combination thereof, to any third party.

You are solely and entirely responsible for maintaining the confidentiality of any user ID and password provided to you and you agree to notify your local support organization immediately of any unauthorized use or suspected unauthorized use of the Service or any other breach of security. Users who have been terminated from employment at the licensee shall inform Volvo Cars immediately about voiding said user ID and passwords. Failure to do so may be grounds to terminate your License without notice.

Equipment

The licensee shall be responsible for assuring that any equipment needed to use the Service shall be compatible with the Workshop System and Requirements Guidelines (320+country code) and with Volvo Cars Dealer Standards. For independents, the documents are available on Workshop Support Guide, <http://workshopsupport-guide.volvocars.biz/vida/system-requirements.aspx>. For authorized dealers, the documents are available on Dealer Development Platform, <https://ddp.volvocars.biz/>, under Process/Workshop System Support.

Updates

If a software vendor(s) (e.g. Microsoft or other third-party provider) releases an update or a patch necessary to access and use the Service, you are responsible for downloading and installing such updates.

Warranty

The licensee has no right to claim damages under this License. License terms and conditions, which are not directly applicable to this warranty, will continue to remain in full force and effect.

Volvo Cars and its affiliates, agents and representatives cannot and do not warrant the accuracy, completeness, non-infringement, merchantability or fitness for a particular purpose of the information provided and available through the Service, or the Service itself.

No written or oral information or advice given by Volvo Cars, its affiliates, agents, representatives, employees or any other person shall create a warranty or in any way increase the extent of this warranty.

Disclaimer

All use of the Service is at your own sole risk and you are solely responsible for the use of any information obtained from the Service. The Service is provided "as is" and Volvo Cars does not guarantee the timeliness, sequence, accuracy or completeness of the Service or of any other information or messages.

The Service is intended to be used by trained professionals only. The Service is not a substitute for your professional judgment. The Service is intended to assist in servicing Volvo vehicles and to provide information related to Volvo vehicles. Volvo Cars shall not be liable in any manner whatsoever for the results obtained from use of the Service. Persons using the Service are responsible for the supervision, management and control of the Service and the information provided by the Service. This responsibility includes the determination of appropriate use of the Service and the selection of appropriate measures to achieve the intended result. Persons using the Service are also responsible for establishing appropriate procedures for testing vehicles repaired using the Service.

Due to the number of sources from which information on the Service is obtained, and the inherent hazards of electronic distribution, there may be delays, omissions or inaccuracies in such information and the Service as well as unavailability or interruptions of the Service for which Volvo Cars does not assume any responsibility. Moreover, Volvo Cars does not assume any liability if the Service, due to delays, omissions or inaccuracies by any Third Party, is not available to such extent as stated above.

Limitation of liability

The Service produced and delivered by Volvo Cars shall be continuously updated whenever possible. Neither Volvo Cars, nor its affiliates, agents and representatives shall be liable to you or anyone else for any loss or injury caused in whole or part by its negligence or contingencies beyond its control in procuring, compiling, interpreting, reporting or delivering the Service, updates, and any information through the Service. In particular, Volvo Cars shall not be liable for any loss or damages of any kind, including loss of data, lost profits, cost of cover or other special, incidental, consequential or indirect damages arising out of the use or inability to use the Service. Insofar as the liability of Volvo Cars is excluded or limited, this shall apply also to the personal liability of its employees, representatives and other vicarious agents. Inasmuch as Volvo Cars violates a key contractual obligation by intent or gross negligence, the liability for damage to property or personal injury shall be limited to typical damages that occur.

Volvo Cars shall accept no liability for any orthographic, printing or arithmetical errors in the Service.

If the Service is used or distributed in abuse of this License, Volvo Cars shall be entitled to claim damages. Volvo Cars shall be entitled to immediately terminate this license if the Service, being used, violates this License.

In no event will Volvo Cars, its affiliates, agents and representatives be liable to you or anyone else for any decision made or action taken by you in reliance on the Service or for any consequential, special or similar damages, even if advised of the possibility of such damages.

Any cause of action concerning the Service and the information available through the Service must be commenced within six (6) months after such cause has occurred.

Nothing in this License shall (or shall be deemed to) limit or exclude any liability that is not permitted to be limited or excluded by law.

Data protection

Any personal identifiable information collected by Volvo Cars hereunder will be treated in accordance with applicable data protection laws and regulations and any other applicable legislation. Volvo Cars may also give such information to other companies in the same group of companies as Volvo Cars, and their possible contractors for the purpose of fulfilling the undertakings by Volvo Cars here under. Processing of information could thus include any manual or automatic measure taken with the information, including but not limited to gathering, registering, storing, changing and disclosing the information to third parties. In particular, the personal identifiable information may be transferred to countries outside the European Economic Area (even those which have only limited or no data protection laws, provided that Volvo Cars remains responsible for making sure that the personal identifiable information is held securely). For further information, please see the Volvo Cars Customer Privacy Policy on the Volvo Cars website.

Termination

You and Volvo Cars may terminate this License and the Service, at any time and without any cause. Such termination shall be made in writing, for example by e-mail, and shall have immediate effect. Upon termination, the Service will immediately be disabled for you. Already paid purchase price, or parts thereof, will not be re-paid to you. Certain serious misuses or violations may result in termination without notice as mentioned earlier in this License.

When terminated, continued use of the Service is forbidden.

Volvo Cars trademarks

For the avoidance of doubt, nothing in this License gives you the right to use any Volvo Cars trademarks. Volvo Cars shall have the right to terminate this License and the Service under this License with immediate effect if you use any Volvo Cars trademarks in a manner that Volvo Cars considers to be an infringement of its trademark rights and without Volvo Cars' separate and express written permission. In the event of such termination, no further VIDA license will be granted to you. Volvo Cars also reserves the right to claim damages for any unauthorized use of Volvo Cars trademarks. For the purposes of this License "Volvo Cars trademarks" shall include any trademarks, devices, logos or names owned by Volvo Cars or otherwise licensed to Volvo Cars from Volvo Trademark Holding AB and/or Polestar Holding AB.

Applicable law and venue

This License and any use of the Service shall be construed in accordance with and be governed by the material laws of Sweden with exclusion of the United Nations Convention on Contracts for the International Sale of Goods (CISG). The exclusive venue for all claims arising from the purchase contract that is entered into between the Customer and Volvo Cars, or from this License Agreement, shall be the district court of Gothenburg, Sweden as first instance.

Contact information

If you are a Volvo Cars sales company or a Volvo Cars authorized dealer/retailer/repairer, please use the TIE system to report any issues. If you don't have access to TIE, please contact tissupp@volvocars.com.
